

End Customer: Luxlo (Property Developer)

Location: Mayfair, London

Installer: EasyComp

Manufacturer: HDanywhere

Equipment: HDanywhere HDBaseT-enabled 8x8 Modular 4K Matrix (MOD88); HDanywhere HDBaseT-Lite Display Receiver (HDA BUN-HDBTLI-TXMOD-RX); Aquavision display (32"); Samsung displays (65", 48" & 32"); URC controllers; Denon AV Receiver and Blu-ray player; KEF speaker system. (Most equipment distributed by UK-based AWE Europe).

Details: Custom install and total home automation in an exclusive Mayfair apartment. AV system comprises a total of eight sources (including SKY HD boxes, Apple TV, Blu-ray, CCTV DVR, AV receivers), and seven displays, both high-definition and 4K, distributed in the home (living rooms, bedrooms, master bathroom, staff room & kitchen). All connected through Cat6 cable for up to 35m (115ft). All sources are placed in hidden equipment rack, for ultimate elegance.

Why HDBaseT:

Ease of installation, including running Cat cable. Ease of use and management. Clean and elegant look, without cable clutter.
